Solution2-AmenAir: Air filtering helmet for industry workers

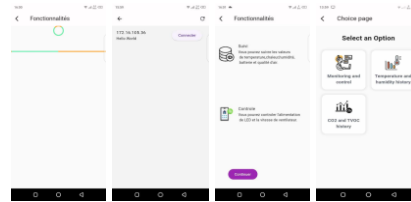

- Minimum weight of 350g thanks to an ergonomic plastic design
- Activated carbon air filters eliminate 95% of particles
- Available with closed or open visors in two sizes
- Battery life 8 hours at maximum speed
- Quiet 12V fan 32 DB max

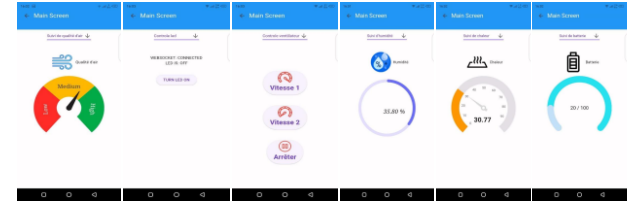

AmenAir Software: Web and mobile monitoring applications

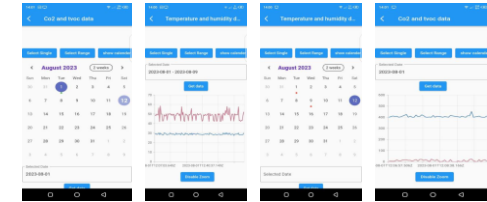

Interfaces d'accueil, inscription et authentication

Interfaces de recherche Wifi et connexion aux fonctions de l'appareil

aces de surveillance et contrôle des appareils

Interfaces d'historique de température, humidité, Co2 et TVoC depuis Cloud

Check our online cloud platform hosted on Amazon AWS

Air filtering Market Size: Global Estimation 91B\$

- MENA region still free of actors
- Asiatic region at the most need
- Actors:

IQAir

- Air quality filtering worldwide
- Monitoring app

Dyson

- Protection wearables
- Mobile app

3M, Dräger, Honeywell, ...

Personal test of the Dyson headset in Dubai
